## Mission Statement

### Our mission

Feminist Legal Clinic's mission is to advance the cause of feminism and champion the human rights of women and girls by providing legal support to feminist organisations, groups and services and the women who access them.

### Our vision

Our vision is a world where women and their children are liberated from discrimination, exploitation, abuse and violence and the empowerment of women and girls is prioritised and achieved in every sphere of their lives. Core to this vision is ensuring that all women and girls are free to enjoy the status, independence and power necessary to participate equally in private and public decision-making, and control and share equitably in all economic, social, cultural and political resources and capital.

### Our objectives

Our work is directed toward recognising women's agency and giving voice to the lived experiences of all women and girls in order to drive systemic and cultural change that promotes and improves women's individual and collective access to quality legal support and services, and the universal fulfilment of women's human rights, their legal entitlements and delivery to women of just outcomes. We seek to progress feminist projects and activities on behalf of clients and our partners, and to proactively campaign and drive a feminist agenda for connecting policy and practice, and educating the community and profession. We are committed to developing and building strong collaborative networks and partnerships, including with universities and students, practitioners, the legal profession and other community justice services, to pursue our mission and vision in advancing the feminist cause. We intend to work towards this through undertaking a mix of targeted casework, law and policy reform, strategic research and advocacy projects, and promoting community and professional engagement, training and education.

# Principal Solicitor's Report

## From lockdown to locked out!

In this year of COVID, Feminist Legal Clinic Inc. has experienced turbulent times. The financial year ended with the City of Sydney Council withdrawing our accommodation grant and advising that our tenancy at Benledi House would be terminated on 19 August 2021. Our landlord took this action after asking us to desist from advocating for women's sex-based rights and requesting that we censor our website and cease posting news about the harmful impacts of extreme trans ideology. We felt that to comply with these unreasonable demands would demonstrate a lack of integrity and betray the trust of our members.

Rather than discourage us, this extraordinarily oppressive action by what was hitherto considered to be a progressive local council, has strengthened our resolve to continue our work in this area. It is apparent that services are being actively constrained from advocating for women's sex-based rights. We are receiving increasing calls for assistance from all over the country from women who are being systematically silenced for simply maintaining that sex is a biological reality.

Women are being threatened, sacked, censored, defunded and disciplined by employers, educational institutions, sporting tribunals and professional bodies. Disturbingly, the media is barely reporting on this extraordinary devastation of the human

rights of women and children. FLC has provided support for distraught parents of children who have fallen victim to this latest fad in medical experimentation. We also give assistance to those who are "detransitioning", having emerged from cult-like conditioning to experience devastating regret for ill-advised interventions with hormones and surgeries.

Despite what would seem to be a media blackout on this subject, extreme trans ideology is resulting in infringements of the human rights in many contexts across Australia and the globe. At the time of writing, we are about to witness our first Olympics where male athletes will be competing in the women's category. The pharmaceutical industry has successfully seeded a mass delusion to support its medical experimentation on children, while simultaneously dismantling sex-based protections for women. Only time will tell how this will play out. Those who tell us we are on the wrong side of history will have to reflect on the support they provided for that which is wrong, viewed from any point in time.

# Report on activities

## Casework

Our database records that during 2020-2021 our office has had over 120 contacts with clients by email or telephone when we have provided basic advice/information/referral and that we have opened 35 new files for matters where ongoing assistance was appropriate. Of these files, two dozen are cases for individuals with half of these relating to domestic violence and the half relating to other human rights matters. The remaining files involve work on behalf of women's groups and organisations, including some law reform and community legal education work which arises out of our casework and is undertaken to address systemic causes of women's disadvantage and distress.

The non-legal service provided by FLC's Women's Court Support Service (WCSS) in the Sydney Family Court is separate and additional to this casework and is reported on later in this report.

Following is a listing of our submissions, articles, presentations and media mentions during the 2020/2021 financial year. Links to all this material can be accessed through our website.

## Women's Court Support Service

The Women's Court Support Service (WCSS) provides a face to face service for women at the Sydney Family Court but has been suspended for most of the year due to the restrictions imposed by the Court in response to the COVID pandemic. As a result of this our database records only 33 client contacts during the 2020-2021 financial year.

We recruited and trained a new roster of volunteers in May 2021, only for the face to face service to be suspended again just over a month later because of a further lockdown. However, the telephone service continues to be forwarded to the Principal Solicitor. Our repeated attempts throughout the year to secure grant funding for this service were unsuccessful and as a result we have not been able to raise the profile of the service or expand on the service it provides.

We acknowledge the essential support of Sydney Family Court itself for providing the office space for us to continue to operate the Women's Court Support Service with special thanks to Maryrose Portelli, Director of Court Services and Wendy Bartlett, Manager of Court Services.

## Women Write Wiki

In 2020-2021 WWW members have created 145 bios of women, plus articles on Brazen Hussies (doco), Simone de Beauvoir's Babies (mini-series) and The Dictionary of Lost Words (book).

All year, apart from a short break over Christmas and New Year, WWW has continued to meet on the second and fourth Wednesday of each month. With three exceptions, all meetings have been online, and this has enabled women located interstate and in NZ to join us.

Fortunately, we were able to celebrate the fourth anniversary of the formation of WWW in person at The Women's Library on 24 March 2021, including a surprise visit by Caddie Brain, Vice President of Wikimedia Australia. For International Women's Day Ann and Margaret participated in person at the USYD Write Women editathon and one new editor has subsequently joined WWW.

We managed two further in-person meetings in April and May before COVID restrictions sent us back online full time. We have also participated in #1Lib1Ref in May/June, where librarians are shown how to add references to Wikipedia. Some of us attended the Picture This editathon in May where we uploaded images from the City of Sydney Archives.

In past Annual Reports we have named and thanked the many collaborators and supporters of FLC. However, as the list grows it is no longer tenable to thank everyone who has helped us during the year. We are also conscious that in view of the current level of controversy and the persecution being experienced by gender critical feminists, many of you may prefer not to be identified in this manner. However, we do want to acknowledge the many people who took the time to write letters in support of Feminist Legal Clinic Inc. to the City of Sydney Council over the past year, as well as those who have shown their support by way of financial donation.

We would also like to give very special thanks to the international Women's Human Rights Campaign (WHRC) and acknowledge the amazing support provided by Jo Brew, Kath Aiken and the rest of the UK team as well as the various members of our local WHRC Working Group who may not have received a mention elsewhere including Anna McCormack, Jess W, Nerissa and Janet from New Zealand.

Finally, despite our deep disappointment with the recent decision by the City of Sydney Council to terminate our tenancy in Benledi House Glebe, we would like to thank them for providing us with a free office space for the past four years. It was much appreciated by our volunteers and clients alike while it lasted.

# Treasurer's Report

## Annual General Meeting of Feminist Legal Clinic Inc. for the Year ending 30 June 2021

For the financial year ending 30 June 2021 Feminist Legal Clinic Incorporated received \$7,361 in income. The income comprised a combination of membership payments, donations and interest. It shows a substantial increase in both memberships and donations due, in most part, to publicity surrounding our eviction from Benledi House. Expenses came to \$2,479 and we were finally able to reimburse the Principal Solicitor for insurance premiums she had paid in earlier years.

During the twelve months we have received \$2,140 in membership fees and \$5,220 in donations, including a number of monthly payments.

We were given notice that our accommodation grant from the City of Sydney Council, which had provided a 100% rental subsidy on the office space we share with Pride History Group at Benledi House in Glebe, would not be renewed.

The Department of Social Security kindly allowed us to retain the \$36 unspent from their volunteer grant which had expired on 30 June 2020.

Some operating expenses were again personally covered by the Principal Solicitor, including the Principal Solicitor's practising certificate, telephone and internet costs.

At 30 June 2021 our account with Bendigo Bank had a balance of \$3,501 and the PayPal account balance was \$1,419. There are no mortgages, charges or securities of any description affecting any part of the property of the Association as at 30 June 2021.

I hereby submit the Profit and Loss Statement and Balance Sheet for the year ended 30 June 2021 in accordance with this report.
